

Analytical Sociology: Theory and Empirical Applications

Online Seminar in Cooperation with the Academy of Sociology,
16.-17. November 2020
Conference Languages: English and German

Version: 13.11.2020

Online seminars are not that interactive as face-to-face seminars, but we try to arrange as much exchange as possible among all of us: We will organize some optional meetings (e.g. opening coffee, virtual café noir) and break-out rooms with the speakers during the coffee breaks. That will provide you the opportunity for more informal talk or "chill out" meetings.

Join our Zoom-Workshop without any further registration. Please make sure that your Zoom Client is updated to version 5.3.0 or later:

It's sunny, be healthy. An international comparison of the influence of sun exposure and latitude lines on self-rated health
Sandra Jaworeck, Stefan Stemler, Peter Kriwy

17.30-17.45

Farewell, informal get together

A technical note on zoom

Please make sure that you are using a recent version of the zoom client (5.3.0 or later). Otherwise, you cannot move around (i.e. select a so-called breakout session) during the coffee breaks. Start the zoom client, then click on your profile picture/symbol in the top right corner and select "search for updates".

Questions/Discussions

The presentation time is 15-20 minutes, after which questions can be asked. If you want to say something, please write a question mark in the chat. This way the order of questions is transparent.

Evening Program

The virtual program on Monday evening is available via Zoom (Pizzeria Al Nono, Café Blue etc.) on the one hand and via "gather.town" (Café Noir) on the other. You can switch back and forth. But please log out of the zoom meeting when you switch to gather.town and vice versa. Both tools need access to camera and microphone. gather.town is more playful, but limited to 25 people at the same time.
